Yo Bro, big up innit. As they say in white working class football circles "it,s all gone quiet over there".

When you next talk to your ponce mates who are the same colour white as you, I am of course talking about those two scum bags Holloway and Wooley, remind them of the file that I have on all of you some of which could lead to criminal prosecutions for inciting racial hatred.

Support for Farrakhan" The Honourable Minister", f...k off. Holloway, Aids in Africa is caused by white doctors, fuck off. And of course Wooley threatening " rioting on the streets" if black people don't get what they want, f...k off.

You have called me a coward you f.....g nigger, oh and by the way I have a cutting where you call yourself a nigger, so I challenge you to a fight, not just you but the other two named niggers, I will batter the shit out of your, almost, black hides.
